Fontys SCHOOL OF TEACHER TRAINING FOR SECONDARY EDUCATION TILBURG

INTRODUCTION

Dear participants,

We would like to welcome you to the 17th International Summer school in Health promotion, which will take place at Fontys University of Applied Sciences from May 20th till May 24th 2019.

The Summer school is organised in collaboration with several schools:

- Esslingen University of Applied Sciences, Germany
- University of Balearic Islands, Spain
- HoWest University college, Belgium
- Poznan University of Medical Sciences, Poland
- Hochschule Hannover, Germany
- Hogeschool van Arnhem en Nijmegen, HAN University of Applied Sciences
- Fontys University of Applied Sciences Tilburg, Netherlands

The central theme of this summer school is 'Challenges in education, practice and training of health professionals', which is a great opportunity to gain new insights in recent practice and training of the health professionals in Europe.

We wish you an inspiring week!
