

POZNAN UNIVERSITY OF MEDICAL SCIENCES

Rules for granting scholarships for scientific achievements for doctoral students of the English-speaking group of the Doctoral School of the Poznan University of Medical Sciences, who will start their education in the academic years 2022/2023 and 2023/2024

General Provisions

§ 1

1. Scholarship for scientific achievements for doctoral students is awarded from the Own Scholarship Fund of the Poznan University of Medical Sciences, pursuant to art. 420 section 2 of the Act of July 20, 2018 Law on Higher Education and Science (i.e. Journal of Laws 2023.742 as amended), after this referred to as the "Act".
2. The provisions of the regulations have been established in consultation with the Council of the Doctoral Students' Self-Government of the Poznan University of Medical Sciences.

§ 2

1. The Regulations apply to doctoral students pursuing education in the English-language group of the Doctoral School of the Poznan University of Medical Sciences (Doctoral School), who will start their education in the academic years 2022/2023 and 2023/2024, after this referred to as "PhD students".
2. These regulations define the rules for granting and paying scholarships for scientific achievements for PhD students of the English-speaking group of the Doctoral School of the Poznan University of Medical Sciences after this referred to as "scholarship for scientific achievements".

§ 3

1. The decision to award a scholarship for scientific achievements, the period of its collection, and the amount is taken by the Scholarship Committee appointed by the Rector for the scholarship for scientific achievements at the Doctoral School, after this referred to as the "committee", chaired by the Director of the Doctoral School. The Committee includes a representative of the Council of the Doctoral Students' Self-Government of the Poznan University of Medical Sciences.
2. The right to receive a scholarship for scientific achievements is granted to PhD students who distinguished themselves in scientific work, who started their education in the English-language group of the PUMS Doctoral School in the academic years 2022/2023 and 2023/2024, and who receive a doctoral scholarship. Scholarship for scientific achievements may be awarded to doctoral students in the 2nd, 3rd, and 4th year of education, but not more than 60% of the best doctoral students in a given year of the group mentioned above. The number of entitled persons is calculated accordingly on September 30, 2023, 2024, 2025

and 2026 (only for PhD students starting in 2023/2024). If the number of entitled persons calculated in this way is not an integer, it is rounded down.

3. The Rector determines the number of funds allocated in a given academic year for scholarships for scientific achievements for PhD students.
4. The minimum amount of the scholarship for scientific achievements is PLN 500 per month, and the maximum amount does not exceed PLN 2,000 per month.

Scholarship award criteria

§ 4

1. A PhD student who implements the program of the doctoral school on time may apply for a scholarship for scientific achievements.
2. A scholarship for scientific achievements in the second year and subsequent years of the Doctoral School may be awarded to a PhD student who distinguished himself/herself for achievements in scientific work and who implemented the assumptions of the educational program at the Doctoral School in the academic year preceding the submission of the application, and in particular, met the following conditions jointly:
 - 1) has passed all subjects included in the schedule of classes at the doctoral school for a given year and has no arrears from previous years,
